Students Orientation Guide

CHEM N3AL
Organic Chemistry
June 22-August 14, 2015

Organic Chemistry Laboratory is a hybrid course, meaning there are twice weekly on-campus labs and online lectures and discussion forums. You will need to be present in both the campus and online classrooms to be successful. Please note, this course moves very quickly and you are expected to spend 8 hrs a week (4 hrs per lab) plus the time required to complete online course requirements (lectures, discussions, and write a pre-lab and lab report).

Summer Session Online Tutorials
