2. Discovering the Universe for Yourself
3. The Science of Astronomy
4. Making Sense of the Universe: Understanding Motion, Energy and Gravity
5. Light and Matter: Reading Messages from the Cosmos
6. Telescopes: Portals of Discovery
7. Our Solar System
8. Formation of the Solar System
9. Planetary Geology: Earth and the Other Terrestrial Worlds
10. Planetary Atmospheres: Earth and the Other Terrestrial Worlds
11. Jovian Planet Systems
12. Asteroids, Comets and Dwarf Planets: Their Nature, Orbits and Impacts
13. Other Planetary Systems: The New Science of Distant Worlds
24. Life in the Universe

75% of the homework will be online with the MasteringAstronomy system that accompanies your textbook.

You need to gain access to the MasteringAstronomy system to pass this course. Here are three ways:

1. Students who purchase a **new** book in the Cal Student Store will receive an access code for the MasteringAstronomy system with the book. (Be aware that, if you buy a “new” book online from a third party, you may end up with a new

book but without the valid access code. This has happened in the past unfortunately.)

2. Students who rent the book from the Cal Student Store for \$47 or buy a used book from a friend, from the bookstore or online (the 4th, 5th, and 6th editions are still ok) without an access code need to purchase access to MasteringAstronomy separately at [MasteringAstronomy](#) for \$60.50. They will need the Course ID and a valid credit card. Be sure to purchase access to the 7th edition.
3. Students who wish to purchase an eBook with their Mastering access can also do so at [MasteringAstronomy](#). Again, they will need your Course ID and a valid credit card.

What You Need:

1. **A valid email address:** Please enter only your Calmail address
2. **A student access code** (Comes in the Student Access Kit that may have been packaged with your new textbook or is available separately in your school's bookstore. Otherwise, you can purchase access online at [MasteringAstronomy](#).)
3. **The ZIP code for your school:** 94720
4. **Our Course ID:** **PLANETSSUMMER2017**

Register:

1. Go to [MasteringAstronomy](#) and click **New Students** under Register
2. To register using the Student Access Code inside the MasteringAstronomy Student Access Kit, select

Yes, I have an access code. Click **Continue**.

-OR-

to Purchase access online: Select **No, I need to purchase access online now**. Select your textbook and whether you want to include access to the eBook (if available), and click **Continue**. Follow the on-screen instructions to purchase access using a credit card. The purchase path includes registration, but the process may differ slightly from the steps printed here.

3. **License Agreement and Privacy Policy:** Click **I Accept** to indicate that you have read and agree to the license agreement and privacy policy.
4. Select the appropriate option under "Do you have a Pearson Education account?" and supply the requested information. Upon completion, the **Confirmation & Summary** page confirms your registration. This information will also be emailed to you for your records. You can either click **Log In Now** or return to [MasteringAstronomy](#) later.

Log In

1. Go to [MasteringAstronomy](#)
2. Enter your Login Name and Password and click **Log In**.

Enroll in Your Instructor's Course and/or Access the Self-Study Area

Upon first login, you'll be prompted to do one or more of the following:

1. Enter our MasteringAstronomy Course ID: **PLANETSSUMMER2017**
2. Select your text, if available, and **Go to Study Area** for access to self-study material.
3. Enter a Student ID

Click **Save** and **OK**.

Congratulations! You have completed registration and have enrolled in your instructor's MasteringAstronomy course. To access your course from now on, simply go to [MasteringAstronomy](#), enter your Login Name and Password, and click **Log In**. If your instructor has created assignments, you can access them by clicking on the **Assignments** button. Otherwise, click on **Study Area** to access self-study material.
