Applying for an internship in: □ Madrid □ Paris

To be filled in by the faculty member:

Thank you for agreeing to evaluate this student, who has applied for a professional practice internship in Madrid or Paris. The program requires oral language skills the equivalent of those achieved at the end of fifth semester college level French or Spanish, and places students in professional work environments where they will be required to work, speak, write and perform in French or Spanish.

Please evaluate the student based on

1) classroom performance (question #2), and
2) a language skills rating (question #3) according to speaking skills demonstrated during the interview.

For the interview (question #3), we are more interested in the students actual performance, and less in factors such as effort, good behavior in class, etc. (which will be reflected in question #2). Please ask open-ended questions on which the candidate can speak, perhaps starting by asking about the internship s/he hopes to undertake in Europe, then how s/he got interested in that field, etc. The interview should be designed to give the candidate the maximum opportunity to speak and demonstrate her spoken language abilities. Please use the attached scale for question #3. Please use additional sheets if necessary.

1. How long and in what context have you known the candidate?

2. Please rate the applicant in the areas indicated in the table below, in comparison with other students at similar states in their language learning process:
